Newmont Contract Extension

- Alliance extends contract for air charter services for Newmont
- Extension of contracted flying for Newmont until 2021
- Includes Alliance operating flights from Darwin to Newmont's Granites mine site in the Tanami

Alliance today announced it had signed a contract extension with Newmont for a further period of three years.

Alliance has been providing services to Newmont since 2012.

Lee Schofield, Alliance's Chief Executive Officer, said, "Alliance is delighted to continue our relationship with Newmont. This contract extension will see Alliance providing Newmont with air charter services from our bases in Perth, Brisbane and a newly established operational base in Darwin."

Mr Schofield, further stated, "With Alliance undertaking flights between Darwin and the Granites itself, rather than through a subcontractor, it increases our flying for Newmont by approximately 25%. We are very proud of this extension and consider it a great acknowledgement of our ability to provide Newmont with safe, reliable, and cost effective services."

Alliance retained this contract through a competitive tendering process.
