**Contract win/extension – St Barbara Limited**

Alliance Aviation Services Pty Limited (“Alliance”) is pleased to announce that it has won a selective tender contract process that will allow Alliance to continue its provision of air charter services to St Barbara for a further three years.

St Barbara Limited is an Australian gold producer which has operations in the Leonora region in Western Australia. Alliance airlines have been providing Air Charter Services to St Barbara since 2012 and will continue to operate 4 flights per week between Perth and Leonora.

The Managing Director of Alliance, Scott McMillan, believes that the flexibility of Alliance’s fleet and willingness to meet its client’s needs with reliable on time service and innovative solutions will continue to see Alliance maintain its market position in a challenging environment.

Mr McMillan also stated that Alliance continues to maintain the highest retention rate of clients in the FIFO air charter sector – an achievement which all of the team at Alliance are very proud of in such a competitive market.
